

VESSEL DETAILS

WEOTT II is truly one of our most versatile vessels and a popular choice among our wedding clients. The vessel features a double-floor heated interior that can be tailored to your specific requirements. The main floor will be tastefully adorned with seasonal flowers and can comfortably accommodate a seated dinner setup. Alternatively, we offer the flexibility to transform the space into a more relaxed and informal arrangement by removing tables and chairs. The vessel's expansive windows frame captivating views of London's iconic skyline, ensuring your romantic cruise continues to boast breathtaking vistas throughout your transfer.

Stepping onto the outdoor deck, WEOTT II offers a generously sized space that spans the entire roof of the vessel. Here, guests can unwind in comfortable chairs as they take in the sights, making it an ideal setting for a reception drink, canapés, and even a summer BBQ. We further enhance the outdoor areas with inviting lounge setups and tasteful decorative elements. As the sun sets, we illuminate the outdoor deck with enchanting fairy lights that trace the edges, adding a touch of magic to the outdoor space.

With its adaptable indoor and outdoor spaces, WEOTT II stands out as the perfect venue for your wedding transfer.
