

VESSEL DETAILS

Modelled after a 19th-century paddle steamer, daytime or evening, during the summer or winter, WEOTT V offers a truly unique way to experience the Thames.

As the largest vessel of its kind on the Thames, it provides a visually stunning and highly versatile space that can comfortably accommodate up to 500 guests. The grand staircase and faithfully reproduced furnishings set a spectacular scene, rivalled only by panoramic views of the city's skyline.

Guests can explore the expansive interiors spread over two floors, which we decorate with seasonal flowers and other various decorative items, while taking in historic sights through the large windows. They'll also be treated to the unforgettable experience of witnessing Tower Bridge open above them to allow WEOTT V to sail through.

The outdoor space features sheltered areas, ensuring that the full features of this superb vessel can be enjoyed year-round.

Whether you're planning a company anniversary, staff summer event, or a winter social, if you're in search of a unique venue for your event, look no further.
