

VESSEL DETAILS

The WEOTT VI, capable of hosting up to 200 guests, is a stunning replica of an 1890s stern-wheeled paddle steamer. Its versatile layout and beautiful interiors across two floors, along with an outdoor deck that spans the entire perimeter of the vessel, make it one of the most sought-after venues on the River Thames.

The heated ground floor features wooden paneling, sumptuous carpets, and expansive windows that offer unparalleled views of London's impressive skyline, which is even more breathtaking over the festive period. This floor is where dining would be held and can accommodate a wide variety of catering styles, from a formal dinner to a more relaxed buffet.

The spacious upper floor, primarily used as a lounge and entertainment area, provides a refreshing space for guests to mingle, host speeches, or dance.

WEOTT VI is a versatile vessel that serves as the perfect space for events on the Thames throughout the year. We enhance it with our tasteful Christmas 2025 theme, and our team can further personalise it to meet your specific requirements, such as incorporating your company branding.

Whether you're planning a daytime or evening Christmas event, this vessel is an excellent choice for your occasion.
